Xerox DocuMate 510

The Xerox DocuMate 510 Scanner is a compact and effective hi-speed scanner perfect for workgroups and other decentralized scanning applications. By eliminating seldom used options such as duplex capability and a SCSI interface, Xerox offers this model at a price that enables businesses to achieve high levels of productivity by distributing fast cost-effective scanners throughout the organization.

The DocuMate 510 has a 50-page⁺ Automatic Document Feeder that scans 10 pages per minute (10* ppm). It features 600x1200 dpi optical resolution, 42-bit color, USB interface and scans everything from photos up to legal-sized documents. It also features one of the smallest footprints available of any business-oriented flatbed scanner on the market.

The DocuMate 510 includes TWAIN and Certified ISIS® Drivers plus the following software.

PaperPort Deluxe 9 is the easiest way to turn volumes of paper or photos into organized digital files that you can quickly find, use and share. PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer. Stop wasting time looking for paper documents scattered around your home and office.

Quickly turns scanned documents into editable, formatted text. You can use the text in virtually any word processing, desktop publishing, or web publishing program.

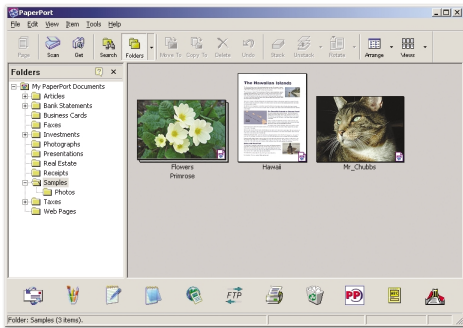

Edit, retouch, and enhance images simply and quickly. Apply special effects with point-n-click interface. Numerous templates for cards and calendars are included.

Scan-to-PDF

PaperPort's native support for the standard PDF format brings you the power to scan, annotate and email documents and photos in a format that ensures everyone can view and print them on any computer.

Easily Convert Paper Documents into Digital Documents

You can turn your scanned images into editable Word, Excel or text files with a simple drag and drop to PaperPort's Send To bar. Virtually eliminates the need for retyping documents.

Find Information Fast

PaperPort can help you find any document or photo on your PC instantly. Just type in a word or phrase and PaperPort will bring up the correct document immediately.

Fill out Forms Quickly, Neatly

FormTyper® automatically recognizes the fields on a scanned form. Simply tab and type in PaperPort to neatly fill in all the information. Print the filled in form and PaperPort automatically saves an electronic copy for your records.

Certified ISIS Driver

The DocuMate 510 includes an ISIS driver certified by Pixel Translations to ensure that it functions properly with ISIS-compatible document imaging applications. There are 250+ commercially available ISIS applications and virtually all business document imaging applications will work with the DocuMate 510.
