Xerox DocuMate 252

There's a lot to like about the DocuMate 252 – the faster, better, easier-to-use workgroup scanner solution. Twice as fast as the leading brand workgroup scanner in duplex mode, the DocuMate 252 is the price and performance leader in its category. It also includes a powerful suite of applications that improve image quality, OCR accuracy, and document management. And its revolutionary one touch scanning and small compact size make it easy to use on any desktop or in any department.

Work Faster

The DocuMate 252 quickly handles many different tasks at hand – right at the desktop. It has a 50-page automatic document feeder that scans 50 images per minute using dual CCDs – doubling your speed and productivity for two-sided documents.

Work Better

The DocuMate 252's powerful software, robust functionality, and hardware specifications deliver the speed and quality you would expect from a more expensive scanner. A searchable PDF feature lets you send, copy, paste, re-use, and highlight text while maintaining the integrity of the original document image.

The bundled Kofax VRS software provides such capabilities as autoexposure, autocropping, and wide angle de-skew. VRS also helps improve the accuracy of recognition software,

thereby reducing the need for manual correction of intelligent character recognition and OCR results.

The DocuMate 252 also features:

- 600 x 1200 dpi optical resolution
- 48-bit internal color
- Hi-Speed USB 2.0 interface

And document size is not an issue for the DocuMate 252. It scans everything from business cards and photos up to legal-size documents, with superior image quality.

Work Easier

The DocuMate 252's one touch technology scans from the desktop to nine different customizable applications or devices, and documents can be converted to text-searchable PDF in one easy step. Now you can instantly search documents for keywords or phrases.

The DocuMate 252's one-step installation is a snap with the plug and play Hi-Speed USB 2.0 port. And it's small footprint, just 6" x 13", makes it ideal for the desktop.

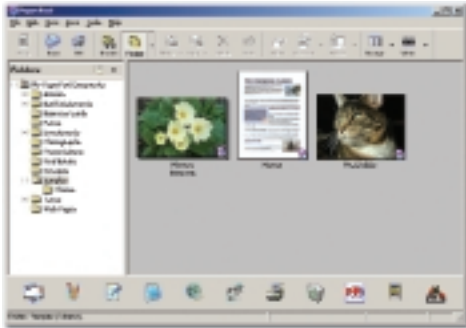

One Touch Scanning Boosts Productivity

The DocuMate 252's one touch technology lets you send documents to nine preselected or user-defined destinations, eliminating up to 12 steps in the scanning process. Think improved speed, performance, and most important, productivity.
